Description			
<p>ProblemI cannot change the orientation of Participant / Pool (or Participant / Lane but as a Lane is a sub-part of a Pool, I guess the solution is at the Pool level).It seems it is a feature, though[0].</p> <p>Current situationBy default the Pool (and therefore its Lane(s)) is horizontal. I would like to have it vertical as it generally make more sense both on a display (vertical scrolling is easy) or printed on a page (height is larger than width).</p> <p>Wished situationOnce added to the board, I would like to be able to rotate 90 degrees the Participant / Pool (and its Participant / Lanes).</p> <p>Thanks to considerate this request.</p> <p>Andrew R. Clins</p> <p>[0]&ndash; https://www.modelio.org/forum/7-general-help/4184-bpm-lane-direction.html#4694</p>
