

Modelio 3 - Issue #333

Issue # 332 (Resolved): Provided/Required Interfaces links appear in double when using the same Interface in different opened diagrams.

Internal error while moving position of an interface after an undo was been performed

16 January 2018 10:29 - Ralf Ebert

Status:	Resolved	Start date:	16 January 2018
Priority:	Medium	Due date:	
Assignee:	Cédric Marin	% Done:	50%
Category:		Estimated time:	0.00 hour
Target version:	Modelio 3.7.1		
Description			
If I make an undo in a class diagram and will move the position of an interface after that I get the message Internal Error			
Reason: org.modelio.diagram.persistenceException: Index 4, Size 3			
Steps to reproduce:			
1. Open model attached to this ticket			
2. Open class diagram			
3. Move interface connected to class2 to another position			
4. add a new class to diagram			
5. perform undo			
6. Move interface connected to class2 to another position again			

History

#1 - 23 February 2018 11:02 - Cédric Marin

- Status changed from New to Resolved
- Assignee set to Cédric Marin
- Target version set to Modelio 3.7.1
- % Done changed from 0 to 50
