Description			
<p>While reading the white paper:https://www.modelio.org/download/send/5-white-papers/1-improve-your-java-development-efficiency-en.html I found that the last paragraph on page 6/10 has text missing. Copy of last paragraph as in the PDF: "For example, Eclipse is a great tool for productivity, with code "refactoring" features and handy completion mechanisms. However, completion (for example, when"</p>
