<b>Target version:</b>			

#### Description

XSD version 2.0.04

When importing the XSD file with &ldquo;ref&rdquo; statements like

```
< element ref="Temp" / >
```

the import operation fails. The strange thing is that the outcome of the operation is not showed to the user (no message window displayed).

In the attachment are similar xsd definition files, one with ref statement, and another without. One with ref statement fails to import.

#### History

#1 - 15 July 2013 17:28 - admin admin

- Project changed from XSD to Modelio [2.2.0 , 2.2.3]
