

Modelio 3.x, 4.x - Issue #265

Debian: Opening objects fails with libxpcom.so not found

11 December 2015 17:53 - Daniel Hornung

Status:	Resolved	Start date:	11 December 2015
Priority:	Medium	Due date:	
Assignee:		% Done:	50%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<p>In a fresh installation (unpacked the zipped binaries) on Debian testing, I experience the following problem:</p> <p>Opening e.g. the classes of a project fails with this error message:</p> <pre>org.eclipse.swt.SWTException: Failed to execute runnable (org.eclipse.e4.core.di.InjectionException: org.eclipse.swt.SWTError: No more handles [MOZILLA_FIVE_HOME=/usr/bin/firefox])(java.lang.UnsatisfiedLinkError: Could not load SWT library. Reasons: /home/daniel/.eclipse/1404645758_linux_gtk_x86_64/configuration/org.eclipse.osgi/168/0/.cp/libswt-mozilla-gtk-4430.so: libxpcom.so: cannot open shared object file: No such file or directory no swt-mozilla-gtk in java.library.path /home/daniel/.swt/lib/linux/x86_64/libswt-mozilla-gtk-4430.so: libxpcom.so: cannot open shared object file: No such file or directory Can't load library: /home/daniel/.swt/lib/linux/x86_64/libswt-mozilla-gtk.so)) Failed to execute runnable (org.eclipse.e4.core.di.InjectionException: org.eclipse.swt.SWTError: No more handles [MOZILLA_FIVE_HOME='/usr/bin/firefox'] (java.lang.UnsatisfiedLinkError: Could not load SWT library. Reasons: /home/daniel/.eclipse/1404645758_linux_gtk_x86_64/configuration/org.eclipse.osgi/168/0/.cp/libswt-mozilla-gtk-4430.so: libxpcom.so: cannot open shared object file: No such file or directory no swt-mozilla-gtk in java.library.path /home/daniel/.swt/lib/linux/x86_64/libswt-mozilla-gtk-4430.so: libxpcom.so: cannot open shared object file: No such file or directory Can't load library: /home/daniel/.swt/lib/linux/x86_64/libswt-mozilla-gtk.so))</pre> <p>Further investigation shows that libxpcom.so seems to be missing in current versions of Firefox, iirc the Mozilla people say that libxul should be used instead.</p>

According to a [stackoverflow question](#) , you may fix this problem with installing the libwebkitgtk debian package with the following shell command:

```
1 sudo apt-get install libwebkitgtk-1.0-0
```

my cohorts have been hoping about lately. This kind of information on this treasure trove is superb and helpful and is going to assist My wife and her kids in our studies a couple times a week. It appears as if everyone gained a significant amount of expertise about this and other pages and types of info definitely show it. I'm not typically on the web during the night but when I drinking a beer I am always hunting for this kind of knowledge or stuff similarly concerning it. If you get a chance, check out at my site.
